

Wildlife Management Assistance Available

If you own at least 10 acres of forestland, wildlife management assistance is available to you at no charge. Through a partnership between the Alabama Forestry Commission, the Alabama TREASURE Forest Association, and the Alabama Wildlife Federation, wildlife biologist Claude Jenkins provides on-site wildlife management assistance to private landowners.

Guidelines have recently been modified so that TREASURE Forest landowners are also eligible for assistance. Here are some examples of the type of assistance Claude can provide:

- General property/tract wildlife habitat and management assessments.
- Supplemental planting evaluation/troubleshooting.

- Treatment recommendations sufficient for inclusion in TREASURE Forest management plans.
- Completion of appropriate portions of TREASURE Forest nomination forms for qualified candidates.
- TREASURE Forest inspections.

To request assistance, complete and mail the form below.
